

ACCENDI I TUOI SENSI
LIGHT UP YOUR SENSES

2017 EDITION

Accendi i tuoi sensi sfiora un'emozione

2

Light up your senses by touching an emotion

A close-up photograph of a person's hand, specifically the index finger, touching a surface. The surface is illuminated with a soft, blue, ethereal light that spreads outwards from the point of contact. The background is dark, making the light and the hand stand out. Overlaid on the image are several instances of the word "Touch" in a sans-serif font, varying in size and opacity. Some are large and semi-transparent, while others are smaller and more solid. The word "Touch" is repeated multiple times in various sizes and opacities, creating a layered, artistic effect. The overall mood is futuristic and tactile.

Guidate dalla luce morbida dei led le tue dita sfiorano la superfice in cristallo. La luce si accende, magica, sotto il tuo tocco
Driven by the soft led light, your fingers will gently touch the crystal surface. The light will be magically tourned on
